When an access code is followed by a symbol, you may need to dial this key after the access code to enable touchtone dialling. In the event of difficulties refer to the local service provider/operator to establish if access is available to this service.

How to make a call.

Dial the access code for country you are in, when prompted, enter your account number and PIN followed by the # key (enter # if shown on your card, prior to entering your account number and after entering your PIN). If calling the UK include area code only e.g. 01442 not 0044, for all other countries, dial 00 & the International country code.
